

MATHEMATICS CENTER LESSONS

Instructions for the Mathematics Learning Center:

1. Log on to join.nearpod.com or use the Nearpod app. Enter the **Join Code** below (to begin with a math lesson where you can experience mastery the FIRST time you participate in a Nearpod lesson).

**Time,
Grades 1-2**

Join at join.nearpod.com or in the app

LBF7V

2. Continue entering Join Codes and engaging in math lessons. Be sure to ENGAGE in at least one math lesson that you don't feel as confident answering accurately OR you can purposefully answer some questions incorrectly. ***It is important to remember what students feel like engaging in activities that they are learning and haven't mastered yet.***

Counting by 10s, Grades K-1

Join at join.nearpod.com or in the app

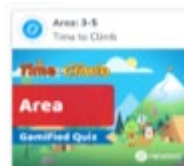

KH4JL

**Area Quiz,
Grades 3-5**

Join at join.nearpod.com or in the app

LDK2N

**Algebra Bananas,
Grades 6-8**

Join at join.nearpod.com or in the app

RINKS

3. Unfortunately, you won't receive feedback from the "teacher" since I will be busy working at another center while you participate in the mathematics center. ***Reports are available for teachers with an account to provide feedback to students.***
